Students will purchase these four items at the beginning of the school year. Please **DO NOT** purchase your child alternate items. There are educational or organizational reasons behind the decision to order these items. Please ensure that your child has **ALL** of the items needed for grade six bought and labeled with their name. It is imperative that students have their supplies in order to start the organizational strategies that we implement from day one. Organization is a major component of our program. Please help support your child's success in this process by ensuring they have all their supplies on the first full day of school. Thank you ahead of time!
